

GUIDE TO PRAYER

2 Timothy 1:7

- Thank God for his sovereignty. He is will and will always be in control of all things. Pray that we will trust him to help is navigate this season of uncertainty.
- Pray for wisdom for government leaders, the CDC, researchers, other medical personnel, leaders in churches, and other strategic places to respond wisely and appropriately.
- Pray for the protection of doctors, nurses, crisis response teams, emergency first responders, and other professionals who risk their lives and health to protect ours.
- Pray for a vaccine to cure and eradicate the virus.
- Pray for comfort and healing for those stricken with this virus. Pray they will receive the quality healthcare they need to regain health and strength.
- Pray for the protection and safety of those considered "at-heightened-risk."
- Pray for our families as they adjust their schedules and create a new "normal" in their homes. Pray for our students as they seek to understand the disruption in their school year.
- Pray for peace, calmness, freedom from fear, anxiety, and panic among individuals and communities.
- Pray that through it all, we will ask to the Lord to point us back to His truth in all we say and do.
