

Dear Parents,

Today we welcomed back our faculty and staff to campus as we begin preparation for the 2020-2021 school year! They will be in professional development and team meetings throughout the next few days as we make final preparations for your student's return to campus.

The Alabama Department of Public Health and Dr. Scott Harris led a webinar for K – 12 state schools – both public and private – on Tuesday, August 4, 2020. As a result of this webinar, we have updated our “When to Stay Home” document to reflect the most recent information shared. The document can be accessed [HERE](#) and has also been placed on the school website on the Lee-Scott Academy Health page.

We are excited to welcome our new families and returning families back to campus to begin our year “Under Construction.” Our theme verse this year is Philippians 1:6, “.being confident of this, that he who began a good work in you will carry it on to completion until the day of Christ Jesus.” We are looking forward to continuing the work that He has called us to do as educators, administrators, and staff during this time and serving our students and families.

Your family has chosen Lee-Scott Academy for your student's educational journey and we look forward to partnering with you this year as we provide the best experience we can given the “new normal” we are all adjusting to.

Take care,

Dr. Stan Cox

Head of School
