The LSA Soccer Skills Camp will offer the opportunity to learn a variety of essential soccer skills through fun activities to develop their talent as a soccer player as well as increasing their understanding of the game. LSA coach Missy Martin and varsity players will run the daily sessions.

Players are grouped by age/gender/skill level. Levels will range from the beginner to advanced. The coaching will be geared towards improving the individual technical skills of the player (dribbling, receiving, passing, and shooting). Additionally, they will gain a greater understanding of how this will apply in the team environment. Each day's session will end with games where they will have the opportunity to apply what they have learned.

Each player should bring ball, water, sunscreen & shin-guards each day
